

# ABORTION STATISTICS

First & Last Name: \_\_\_\_\_

Class: \_\_\_\_\_ Today's date: \_\_\_\_\_

Saint of the Day: \_\_\_\_\_

(Pray for me!)

15 pts.

**Instructions:** Using the information you picked up in the Abortion Statistics folder, search out and find the answers to the statements/questions below.

About how many abortions occurred in America in 1997? \_\_\_\_\_

In the United States,  
1 baby is aborted every \_\_\_\_\_.

\_\_\_\_\_ abortions occur, on average, every *day*.

\_\_\_\_\_ abortions occur, on average, every *year*.

\_\_\_\_\_ abortions have occurred since \_\_\_\_\_ v. \_\_\_\_\_ in 1973.

What is the main reason women say they have abortions? \_\_\_\_\_

People who are pro-abortion oftentimes claim that abortion needs to be kept legal because so many women become pregnant as a result of incest or rape. But what percentage of abortions actually occurs as a result of incest or rape? \_\_\_\_\_

At the moment of fertilization/conception, how much genetic information DNA does a human being have? \_\_\_\_\_

When does a baby's heart begin to beat? \_\_\_\_\_

When can you detect a baby's brain waves? \_\_\_\_\_

Planned Parenthood commonly says that it is an organization that primarily helps women who are in difficult situations by giving them wonderful options like adoption and prenatal (before birth) care. However, about what percent (you may approximate) of their "services" actually go towards adoption and prenatal care? \_\_\_\_\_

How is it that there are literally *millions* of abortions that are not typically included in United States abortion statistics? How do they happen if not performed by abortion "doctors"?

The pro-abortion movement regularly argues that the vast majority of Americans are "pro-choice", but according to a Gallup poll taken in 2009 is that true? Please explain.
