First of all, there are 2 main things to know (that you probably learned when you 3 years old)...

1. _________________________________________

+  

2. _________________________________________

= 

…which means this HUGE(!) truth: ________________________________

Then all you have to do is ask yourselves 3 questions:

1. _________________________________________

2. _________________________________________

3. _________________________________________

If you said, “Yes” to these three questions, then you can be at ____________________________.
