

MIDDLE SCHOOL TEST RETAKE TICKET

First & Last Name: _____

Class: _____ Today's date: _____

A student may retake a test in order to demonstrate mastery that was not achieved on the original test. Students will qualify for a test retake if they have a legitimate excuse for their poor performance on the original test, have all assignments for the unit completed, and show an adequate amount of effort in preparation for their retake. A retake test may involve another version of the test and/or questions for understanding may be asked aloud by your teacher. **Retake tests must occur within 1 week of receiving test results** and tickets must be turned in at least 1 day before retaking the test for approval. Please bring the original test document if you have it.
