1. Create tweets as if they were coming from **you** and you were answering this question:
If you only had one tweet to tell someone about St. _____, what would you say?
2. Create tweets as if they were coming from each **saint** during their lifetimes.

Each tweet should demonstrate strong knowledge of the lives of each saint you chose. Instead of limiting you to a 140-character count you will be limited to the space provided. Hash tags and other Twiterrific stylings and abbreviations are certainly encouraged.
