

Church History

OVERARCHING TARGET:

I can summarize the most important events in Church history from creation to today and can give a beginning explanation of the role God is calling me to play in "His-story".

SUB TARGETS:

I am able to explain ways in which history is best seen as "His-story".

I can identify the main stories and people of the Israelites and how they point to Jesus.

I understand the importance of the Catholic Church and how it has journeyed through its first 2,000 years.

I understand my role in "His-story" to be that of a "unique and unrepeatable" saint.
