VATICAN II

(THE 2ND VATICAN COUNCIL)

DATE: 1962-1965 AD

THE FUTURE!

HOLINESS!

- * Vatican II was a big meeting (council) in St. Peter's Basilica that discussed how the Catholic faith could be better shared with the world today.
- * 16 theological documents were written, but Vatican II is most remembered for its changes to the liturgy.
- * One big theme of Vatican II was "the universal call to holiness" which reminded us that ALL people are called to be saints (not just priests, nuns, etc.).
