VENUS II
(The 2nd Vatican Council)
DATE: 1962-1965 AD
*Vatican II was a big meeting (council) in St. Peter’s Basilica that discussed how the Catholic faith could be better shared with the world today.

Over 2,000 bishops from all over the world!
* 16 theological documents were written, but Vatican II is most remembered for its changes to the liturgy.
* One big theme of Vatican II was “the universal call to holiness” which reminded us that ALL people are called to be **saints** (not just priests, nuns, etc.).
