I listened to one of Fr. Schmitz's homilies online while looking for more good Catholic podcasts, and immediately downloaded all of his homilies. Fr. Schmitz is an excellent speaker and each homily encourages me and challenges me to grow closer to God.

father schmitz is soooo cool he can relate anything to religion. In religion class at our school my teacher gives us extra credit for listening to his homilys and then filling out a sheet. i never do the extra credit but i listen to them like all the time. i love listening to funny stories and listening to jesus at the same time. i love it these are perfect for me. I LOVE THIS PODCAST

God loves you. God is with you. Now go and be a saint! ★★★★★

If you're Catholic and tired of boring, barely-Catholic homilies, then subscribe right this minute and download every one of Father Mike's homilies! I promise you will NOT be disappointed.

Father Mike reminds me of a younger, funnier version of St. Paul. He always preaches the fullness of the Gospel with complete faithfulness to the Magisterium, and oftentimes does so through stories, comedy, and pop culture antidotes. He's the perfect priest for Catholic teens and college students, but also for anyone who is looking for a more energetic and substantial dose of Catholicism than they typically get from their local parish priest.

I titled this review "God loves you. God is with you. Now go and be a saint!" because I feel like Father Mike's homilies always contain that theme. I have benefited from Father Mike's homilies time and time again, and always walk away renewed in God's love and excited to be the saint He has called me to be.

Do yourself a favor today: Subscribe. Download. Listen. And then go and be a saint!
