Tim Tebow is Down with Tebowing

From Tebow, via Twitter: #Tebowing - to get down on a knee and start praying, even if everyone else around you is doing something completely different. Love it!"

More from Tebow, [via the Denver Post's Lindsey Jones](#):

It's not my job to see peoples' reasons behind it, but I know (of a kid) with cancer that tweeted me, 'Tebowing while I'm chemoing' — how cool is that? That's worth it right now. If that gives him any encouragement or puts a smile on his face, or gives him encouragement to pray, that's completely awesome.

There is a "just when you thought you'd seen it all..." aspect to this, but -- again -- as we have seen time and time again, when it comes to Tebow, there is no such thing as a small thing.

By the way, when Albert Pujols took a knee in prayer immediately following the Cardinals' World Series Game 7 victory, the instant Twitter reaction was "Pujols Tebowed!"
